

COVID-19 Health and Safety Plan Summary:

Kidz Paradise LLC

Plan Date: July 16th, 2020

Anticipated Reopening Date, if applicable:

Use these summary tables to provide your staff, facilities, and other invested persons with a detailed overview of your Health and Safety Plan. Facilities are required to share with staff and children this summary on their website. To complete the summary, copy and paste the summaries from the COVID-19 Health and Safety Plan tables above.

Face Masks

Requirement(s)	Strategies, Policies and Procedures
<p>*Use of face coverings (masks or shields) by all staff and visitors.</p> <p>*Use of face coverings (masks or shields) by older children (as appropriate)</p>	<p>All individuals over the age of 2 years old whom are in the building will wear a disposable mask, clean cloth mask or face shield while in the building.</p>

Facilities Cleaning, Sanitizing, Disinfecting and Ventilation

Requirement(s)	Strategies, Policies and Procedures
<p>*Cleaning, sanitizing, disinfecting and ventilating learning spaces, surfaces and any other areas used by children (i.e. restrooms, hallways, etc)</p>	<p>All toys and surfaces will be cleaned, sanitized and disinfected at a minimum of twice a day. The common areas will be disinfected after each group uses the area.</p> <p>Playgrounds will be cleaned after each group uses the area.</p> <p>All door handles and handrails will be cleaned several times a day (at least twice).</p> <p>Front doors will be propped during prime pick up and drop off times to prevent the spread of germs touching the doors (NOT the security doors).</p>

	Bathrooms will be sprayed with sanitizing solution after each group uses them.
--	--

Social Distancing and Other Safety Protocols

Requirement(s)	Strategies, Policies and Procedures
<p>Childcare space occupancy that allows for 6 feet of separation among children and staff throughout the day, to the maximum extent feasible or group management to limit cross-group interactions.</p> <p>Restricting the use of common areas and consider serving meals in alternate settings such as where the childcare is being provided.</p> <p>*Hygiene practices for children and staff, including the manner and frequency of handwashing and other practices.</p> <p>Posting signs, in highly visible locations, that promote everyday protective measures, and how to stop the spread of germs.</p> <p>Handling outdoor play consistent with the CDC Considerations.</p>	<p>The teachers will encourage social distancing throughout the day. Children will sit with space between them during interest centers, circle time, mealtimes and during outdoor play they will encourage them to spread out.</p> <p>Only one group on the individual playground areas or in the hallway/bathrooms at a time.</p> <p>The children already eat in their classroom space, so they are not intermingled.</p> <p>Teachers will review proper handwashing by using imaginary skills during circle time each day till the children are doing this consistently. Then they will begin to cut back to a few times a week and phase to once a week or as needed for reminders. The children will be singing ABC's when they wash their hands so that we know they are washing for at least 20 seconds.</p> <p>There are signs at the front entrance, on the steps and throughout the building encouraging social distancing, wearing masks and handwashing. There is also a "Parent Info Board" that is specific to COVID during this time.</p> <p>We will continue to encourage social distancing indoors and outdoors for safety measures.</p>

<p>Limiting the sharing of materials among children in care, staggering the use of communal spaces and hallways.</p> <p>Adjusting transportation schedules and practices to create social distance between children.</p> <p>Limiting the number of individuals in the facility rooms and spaces, and interactions between groups of children.</p> <p>Coordinating with children regarding on site care, transportation protocol changes and, when possible, revised hours of operation or modified school-year calendars.</p>	<p>The interest centers will be used in small groups of 2 children and then cleaned thoroughly between uses throughout the day.</p> <p>There will be no visitors in the building at this time. The admittance to the building will be limited to staff and children only.</p>
---	---

Monitoring Children and Staff Health

Requirement(s)	Strategies, Policies and Procedures
<p>*Monitoring children in care and staff for symptoms and history of exposure.</p>	<p>New drop off and pick up protocol using hand sanitizer, taking temperatures with contactless thermometers, and asking the parents and staff key questions to ensure health and safety. This screening will be happening for all individuals entering the building.</p>
<p>*Isolating or quarantining children, staff or visitors if they become sick or demonstrate a history of exposure.</p>	<p>In the event an individual becomes ill while in our care, said individual will be removed from the childcare space and held in a vacant room or office till the individual is picked up or leave the premises.</p>
<p>*Returning isolated or quarantined staff, children or visitors to school.</p>	<p>Any quarantined individuals will be asked, upon return, the same questions at check in, but they will also be asked if they are cleared by a medical professional and clear of any symptoms of illness.</p>
<p>*Reporting to DOH and Certification.</p>	<p>All COVID cases within the building MUST be reported to the Director immediately. The director will then notify DOH and Certification with all required information.</p>

<p>*Notifying Staff, families and the public of facility closures.</p>	<p>Staff and families will be notified of a closure via Tadpoles and EzCare Online. A notice will also be posted on the entrance of the building, our website and social media.</p>
---	---

Other Considerations for Children and Staff

<p>Requirement(s)</p>	<p>Strategies, Policies and Procedures</p>
<p>*Protecting children and staff at higher risk for severe illness.</p> <p>Unique safety protocols for children with complex needs or other vulnerable individuals.</p> <p>Strategic deployment of Staff.</p>	<p>Staff and children at a higher risk will be expected to wear an appropriate mask for their condition. This should be discussed with a medical professional and documented in their health assessment to provide notice to center management. This will be relayed to the necessary individuals accordingly.</p> <p>Individuals with special needs in our program are encouraged to speak with their physician to discuss and document the special needs they will have while in our care. Management will then review the plan to determine if we are able to meet the needs of the individual.</p> <p>Kidz Paradise will stagger the return of staff to meet the needs of center ratios and staffing requirements. In the event a staff person shall become ill, we will make every effort to have healthy backup staff on hand to replace ill staff. The same staff individuals will remain with the designated groups of children throughout the day, from day to day.</p>
