

## CACFP Infant Enrollment Form

**Center/Provider Name:** \_\_\_\_\_

**Dear Parent/Guardian,**

This childcare center/provider participates in the Child and Adult Care Food Program (CACFP) and receives USDA reimbursement for serving nutritious meals to infants according to program requirements. Participation in this program requires childcare centers/providers to follow specific meal patterns according to the age of the infant.

Childcare centers/providers participating in the CACFP **are required** to offer at least one iron fortified infant formula for infants who are enrolled in care. You may decline the infant formula offered, and supply breast milk and/or your own CACFP approved iron-fortified formula.

(NOTE: A CACFP approved iron-fortified formula must have 1 mg of iron or more per 100 calories of formula when prepared using the label directions and must be regulated by the FDA.)

Additionally, when you determine, in consultation with your physician, that your infant is developmentally ready, the childcare center/provider will also be **required** to offer iron fortified infant cereal and other infant foods.
